of "Red Rock Girl Scout Camp"

9. Estimated cost of works.....\$3,560.....

10. Estimated time required to construct works.....30 days.....

11. Remarks. The Frontier Girl Scout Council has an application now being processed by the BLM for patent title for recreation purposes on the above described land. The plan of "Red Rock Girl Scout Camp" attached shows the desired configuration of utilization. Mrs. Vera Krupp has previously been allocated 5.4 gpm for stock watering purposes from this spring. The BLM is granting, as a part of the Girl Scout patent, a pipeline row as indicated. The watering trough would be shared with Mrs. Krupp to the full extent of her appropriation. Flow measurement at various times of the year indicates an average flow of 20 gpm from the spring. The present (Krupp) appropriation plus this application should leave a surplus of approximately 5 gpm (0.012 cfs) available.
